EXPERIENCE

CHIEF EXECUTIVE OFFICER

AstroVPN LLC. / Fort Atkinson, WI / January 2016 - present

AstroVPN is a SaaS (software as a service) I founded focused on improving customers online experiences by securing communications and eliminating digital threats like targeted advertising, malware, etc.

- Managing and leading an international team of employees
- Manage physical and virtualized infrastructure globally
- Creating incident reports
- Securing application endpoints and internal company services

IT SPECIALIST INTERN

Fort Atkinson School District / Fort Atkinson, WI / October 2020 - March 2020

During my senior year of high school, I had the opportunity to work alongside the Fort Atkinson School District's IT department as an IT specialist intern.

- Worked alongside teachers and fellow peers to resolve IT related issues
- IT project planning and management
- Secured Windows operating system
- Demonstrated professional and efficient phone and email communication

IT SPECIALIST

CompuFort Computers / Fort Atkinson, WI / October 2018 - January 2019

CompuFort Computers is a local computer repair and networking shop. During my employment, I focused mainly on virus removals and general system cleaning.

- Applied various methods of virus and malware removal
- Learned about various Wireless Internet Service Provider hardware
- Practiced client data confidentiality

CHEF

Kitcho / Fort Atkinson, WI / January 2016 - January 2017

Prior to finding a passion for IT, I worked at a local Japanese restaurant.

- Maintained quality work in a stressful environment
- Worked alongside a unique and diverse culture
